

Great Beginning to 2020!

At the beginning of last month we sent off our dear friends the Alward Family. They had been on staff in Thailand of the past 22 years, since I was just a student at university. I am so thankful for this family. May the Lord use them mightily as they join the CO International network.

This month we have been able to begin meeting again. We began our Maejo planning meetings and we also had staff training for two days to prepare for the new term which starts in two weeks. I had the opportunity to teach about sharing and creating interest with students so that we can develop relationships in order to share the Gospel. Next week I will go to Khon Kaen for leadership team meetings where we will discuss plans for the ministries throughout the country.

Lita is finally finished studying online and is now off school for one month.

This was the first time that we went to eat MK Suki after the lockdown

She has been very bored because we've been unable to go out for almost four months and now she has to wait one more month for school!

She told me that she wants to go to the beach and swim, have a new dog, go to the playground and many other things!

was over. You can see that Lita is really happy about it.

Prayer Requests

- That we would have wisdom in planning for ministry during a this new time. The university students will study online for the first month. It might make meeting new students difficult. So we need to be creative. But on the positive side, the students might have more free time because there won't be any activities at the beginning of the term.
- That I would have wisdom in discipling the girls that are in my group so that they become faithful laborers this term and that they learn how to share their faith.
- That I can help Lita during her summer break to grow in managing her emotions and that I can find some activities for her. Recently she has been missing her dad and asking about him often. She is also having difficulty sleeping alone. Pray for her.
- That we would have a safe trip to Khon Kaen. Our flight was cancelled and so we decided to make the 8-9 hour drive there. Please pray that God would protect us as we go and return. Now is the rainy season. Please pray that the leadership will have wisdom making the countrywide plans for the year.
